

While allowing any corporation or/and company to own any variety of media, restricting their ownership to one or two varieties AND NO MORE THAN TWO will keep AT THE VERY, VERY, VERY LEAST a MODICUM of a sense of checks and balances, a sense of oversight, if even in the barebone practical, if not abstract, in their operations and main explicit, if not implicit, operational, corporate and policy objectives. WHY, FOR THE LOVE OF GOD, WOULD YOU WANT TO UPSET, IF NOT TOTALLY DISRUPT AND/OR DESTROY, WHAT LITTLE OVERSIGHT IMPLICITLY EXISTS BETWEEN THE VARIOUS MEDIA???

Enough said presently.
